1. The Metropolitan Electrotechnical Institution for Local Industry (Stoleczne Zakłady Elektrotechniczne Przemysłu Terenowego) factory is located in a three-story building at Ulica Kacza No. 7, Warsaw. It employs 40 men and 70 women in one shift, from 7 a.m. to 3 p.m. The factory makes copper parts for small bulbs, screws and telephone jacks, and telephone insulators of bakelite and metal or bakelite and glass.
2. Copper parts for bulbs are made on 15 electric stamping presses and 20 hand stamping presses. Motors for the electric presses are not more than one horsepower each. Screws and telephone jacks are made on 17 small revolver-head lathes.
3. The central administration of a number of similar factories, all of which have the same name, is at Ulica Grzybowska No. 25, Warsaw.
4. All bakelite factories are attached to the Metropolitan Bureau of Bakelite Institutions (Biuro Stolecznych Zakladów Bakelitowych) which is located at Ulica Aleje Jerozolimskie No. 23, Warsaw.
